4 nights Serengeti Central

SERENGETI CENTRAL SAFARI – African discounted rates

4 nights/5 days

Every African should explore the wild beauty of their vast home continent ... and this special offers a highly affordable way to enjoy the world famous Serengeti National Park.

Serengeti Wilderness Camp is centrally located, and is a great place to base up just about all year round. There is exceptional resident game in the area, including the big cats, herds of elephant, wildebeest and zebra, buffalo and plenty of antelope. This intimate camp, comprising a maximum of 12 tents, offers decent quality accommodation without costing a fortune. We strive to offer you the best experience possible – allowing flexibility on the ground to ensure you get to see, and be, in all the right places at the right time.

Our camps and vehicles are designed with you in mind. In our specially customised, extended land cruisers the windows are enlarged and the roof height raised to allow ease of photography and game-viewing through the 360 degree view hatches, with plenty of room to stretch your legs.

QUICK REFERENCE ITINERARY

Day 1	Pick up from your hotel in Arusha. Overnight Serengeti Wilderness Camp	Lunch, dinner
Days 2/3/4	Game drives at leisure. Overnight Serengeti Wilderness Camp	Full board including drinks
Day 5	Road transfer back to Arusha OR optional flight from Seronera Airstrip to Arusha	Breakfast

DETAILED ITINERARY

Day 1: Arusha to Central Serengeti

Pick up from your Arusha hotel by your private guide and vehicle, and head to the central Serengeti.

The Serengeti is home to more than three million large mammals spread over vast endless plains. It is here that you may encounter the fascinating spectacle of the annual wildebeest migration, where one and a quarter million wildebeest trek in columns of up to forty kilometres long in search of grazing, drawing with them their predators and numerous other species of game.

From January to March the herds can largely be found birthing their young in the southern area around Ndutu, before proceeding north through the centre and Western Corridor during June and July, eventually splitting to the west and north as they continue their way toward the Mara River. August to October sees dramatic river crossings which can only be considered Africa's "greatest leap of faith", before the herds return south in November to repeat this amazing instinctive procession all over again.

Continue this afternoon onto **Serengeti Wilderness Camp** for overnight on a full board basis including local drinks.

Days 2, 3 and 4: Serengeti

Enjoy 3 full days at your leisure exploring the Serengeti. This is your safari, so let your guide know what you want to see and do

3 X overnights in **Serengeti Wilderness Camp** on a full board basis including local drinks.

Day 5: Arusha

Morning transfer to Seronera airstrip for your **optional** flight back to Arusha – or return by road. It is an exceptionally scenic flight (weather dependent) across the sweeping expanse of the Rift Valley escarpments and the highlands of Ngorongoro.

PACKAGE PRICE

AFRICAN OFFER 4NT SERENGETI SWC RACK RATES	GROUP SIZE	RATES VALID FOR AFRICAN PASSPORT HOLDERS ONLY	Single room supplement

Charging facilities while on safari :

There are charging facilities at the lodges/camps as well as on in our Wild Frontiers' safari vehicles for camera batteries, mobile phones etc. Two-pin plugs as well as the round three-square pin plug points.

Weather:

Tanzania is a land without winter. Temperatures in northern Tanzania range between 15-21C during the day and 4-10C at night, from May to October. From November to March the daytime temperature varies from 21-32C and from 15-23C at night. However, if you are travelling to high altitude areas like Ngorongoro Crater and Kilimanjaro, the temperature drops substantially.

The Migration explained: The following should be used as a guideline when planning your safari to East Africa – movement of wildlife depends on a great many aspects. The following migration calendar helps to explain the seasonality of game viewing. Remember there is resident game throughout the year in the Serengeti/Ngorongoro eco-systems.

JAN / FEB / MARCH

The large herds of wildebeest are generally in the southern plains of the Serengeti eco-system, calving takes place over approximately two weeks. An abundance of predators, good visibility of game, mix of open plains and some woodland.

APRIL / MAY

The herds start moving toward central Serengeti. This is typically the rainy season, however, game viewing is still excellent and there are some great discounts available at lodges and camps. It generally doesn't rain all day. Conditions for photography are generally superb with moody skies and good depth of colour.

JUNE / JULY / AUGUST

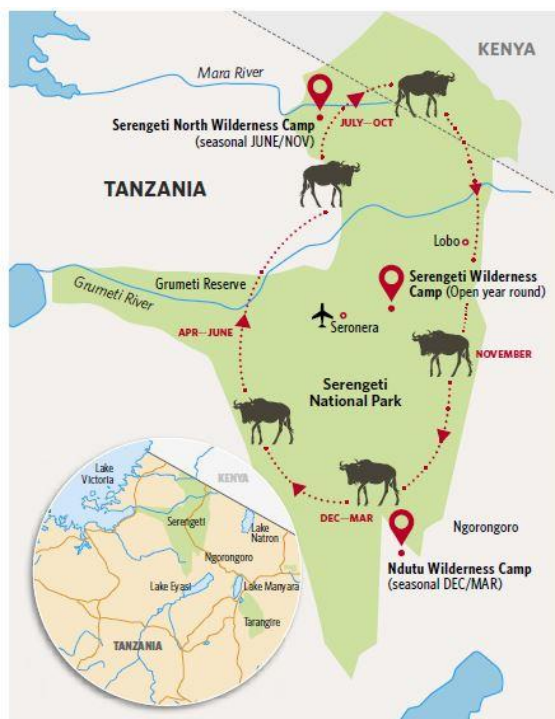

The wildebeest move from the central area and split to the west and north, continuing their trek toward the Mara River. River crossings may be seen in both the western corridor (Grumeti area) and north (Mara River) within the Serengeti.

SEPTEMBER / OCTOBER

Whilst some of the wildebeest successfully reach the Masai Mara, there are still hundreds of thousands remaining in the northern region of Serengeti, offering those with guests with loads of patience the chance to see exciting river crossings (the Mara River runs through the Serengeti).

NOVEMBER / DECEMBER

The massive herds start to return from the north, to the southern plains, before the cycle repeats again!
